Dear customer,

Thank you for choosing a product from **Home Deluxe GmbH.** We hope you enjoy your new TWIN cover.

The instructions for use support you in the commissioning, operation and maintenance of the product. The instructions for use and the safety instructions must be read carefully and completely. Follow these instructions to avoid dangers.

1. General

1.1. Product overview

Model:

Cover TWIN XL |Article ID : 8797| Variant ID: 6939

1.2. General information

In order to live up to our claim, we are constantly improving the quality, simplifying the operation or adapting the products to the customer's wishes. Due to these changes, the current version of the instructions for use can be found on our homepage.

The term "product" is used in the instructions for use for the "TWIN cover".

1.3. Warranty

The statutory liability for defects and warranty rights apply from the date of purchase.
Home Deluxe GmbH accepts no liability for damage caused by failure to observe the instructions for use. Complaints resulting from improper assembly or use are excluded from the warranty. In the event of defects to the product, please contact our customer service in writing, stating the product name, the serial number and a photo of the type plate:

Home Deluxe GmbH
Schanzeweg 2
32312 Lübbecke
Germany

2.3. Target groups of the instructions for use

The instructions for use must be read and observed by every person involved in any of the following activities or use:

- Unpack
- Commissioning / Operation
- Care
- Troubleshooting
- Disposal

2.4. Translation information

The original instructions for use were written in German. Any other language available is a translation of the German version.

2.5. Explanation of symbols

Symbol	Explanation of symbols
	**WARNING** The symbol indicates possible hazards that can cause fatal and serious injuries. Before carrying out the corresponding assembly or application step, the corresponding note must be read.
	**INFO** The symbol gives important information and indicates damage to property. Observe these before carrying out the corresponding assembly or application step in order to understand problems and avoid damage.
	**Read instruction manual** The symbol indicates that the instructions for use must be read carefully before assembly/installation and/or operation of the appliance.

2.6. General information on the instructions for use

The instructions for use refer to the TWIN cover. They contain important information on operation, care and cleaning. The instructions for use, in particular the safety instructions, must be read carefully before the product is used. Only use the product as described in these instructions for use to prevent accidental injury or damage. If you pass the TWIN cover on to third parties, these instructions for use must also be handed over.

2.7. Intended use

The product is of high quality, durable and intended or suitable exclusively for private use to a reasonable and customary extent. Furthermore, our product is **not intended for** commercial use. Commercial use is only permitted with the written consent of Home Deluxe GmbH.

The product is intended as a cover for the TWIN polyrattan hanging chair.

Only use the product as described in these instructions for use. Any other use is considered improper and may result in damage to property or personal injury. The manufacturer accepts no liability for damage caused by improper or incorrect use.

2.8. General safety instructions

General hazard warnings

- Improper handling can lead to considerable personal injury and damage to property.
- **Only** use the product if it is undamaged and in perfect condition.
- Do not make any changes to the product
- Check the cover for damage at regular intervals.

Danger for children

- Keep children away from packaging materials. There is a risk of choking, among other things! The scope of delivery contains small parts that can be swallowed or cause serious injuries.
- Keep children away from the product.
- Do not place the product directly or in the immediate vicinity of a play area.
- Explain to the children that they must not stay under the cover, there is a danger of suffocation.

Risk of injury
Improper handling of the product can lead to injuries

- Check the product for visible damage before each use.
- Do not make any constructive changes to the product. Any modification must be authorised in writing by the manufacturer and carried out in accordance with the instructions.
- Make sure that the product is permanently installed to prevent injuries.

Risk of damage

- Improper handling of the product can lead to damage.
- Do not open the packaging with sharp objects (e.g. knife, scissors or similar), as this may damage the product. Be careful when opening.
- Do not climb on the product, there is a risk of falling and collapsing.
- Do not use the product near heat sources or open fire.

Explosion hazard

- Do not store highly flammable, combustible or explosive substances inside the product.

3. Product features

3.1. Technical data

TWIN cover	
Dimensions (Ø opening x height)	232 x 203 cm
Material	Oxford 600D
Colour	beige
Weight	2,4 kg

3.2. Product description

The material OXFORD 600D is a waterproof material and ideal for covers in the outdoor area. The fabric consists of synthetic polyester fibres and is characterised by high strength and dirt resistance. The product is waterproof, winter-proof and offers your hanging chair ideal UV protection, rain protection, dust protection and protection from animal excrement.

4. Scope of delivery

Check the packaging for external damage upon delivery. Furthermore, immediately after unpacking, check that the scope of delivery is complete and that the product is in perfect condition. Only use the product if the scope of delivery is complete and undamaged.

5. Application

5.1. Safety instructions

The following health and safety information must be read carefully.

Risk of injury

Improper handling during operation can lead to injuries

- Do not use a damaged product.
- Do not make any changes to the product.
- The product is not a child's toy and not a hiding place for children and animals. Children are not allowed to play with the product.
- Remove rainwater and snow from the product at regular intervals.

5.2. Initial commissioning

Check the product for damage before using it for the first time. The product may only be used if it is undamaged.

5.3. Operation

To pull the product over and remove it from the furniture, only the fastening cord has to be opened and the opening pulled open, which makes handling easier.
The product is not reversible, the shiny side must face inwards towards the furniture. Make sure the furniture is dry before covering it, if it is still wet or damp, dry it. We recommend covering the furniture when not in use. Make sure that the air can circulate under the product to avoid mould. Also make sure that the furniture is completely covered.

To avoid water pockets, the product should not sag, but should be set up in a tent shape with a spacer, if necessary. This allows the rainwater and snow to drain away naturally. Wipe off the rainwater and snow that accumulates on the surface from time to time to maintain the stability of the waterproof coating.

5.4. Storage location

- During the winter season, store the furniture with the product in a well-ventilated, dry and covered place that is protected from the weather as much as possible to prevent mould and moisture from forming on the furniture.

If the furniture must remain outdoors, cover it and place it under a roof and on a dry and protected floor or surface to prevent moisture and mould from penetrating from below.
If the covered furniture cannot be placed under a roof, make sure that the water can drain off. This can be achieved by tilting the furniture slightly or pushing the cover up slightly. After a rain or snowfall, wipe off excess water or snow - especially from flat surfaces. Allow the air to circulate to avoid moisture and mould.

6. Cleaning and care

The product is weatherproof, easy to clean and UV-resistant.
To clean the product from dust and dirt, spray it with cold water (30°C) from a garden hose or wipe it with a soft cloth soaked in water. Clean heavily soiled areas with a sponge soaked in mild detergent and rinse with cold water.

7. Disposal

- Dispose of the product according to local and country-specific regulations, thus avoiding damage to the environment.
- Our packaging is made from environmentally friendly materials. They can be recycled and thus serve as valuable raw materials. Dispose of the packaging material (cardboard boxes, dirty packaging, etc.) separately and properly in accordance with the applicable national regulations.
- Contact the manufacturer if you are unsure about disposal.
- You can also obtain information on proper disposal from your local waste disposal centre.
