2.2. Target groups of the instructions for use

The instructions for use must be read and observed by every person involved in one of the following activities or uses:

- Unpacking
- Assembly / Installation
- Maintenance / inspection / care
- Troubleshooting / repair
- Waste disposal

2.3. Information on the translation

The original instructions for use were written in German. Any other language available is a translation of the German version.

2.4. Explanation of symbols

Symbol	Explanation of symbols
	**WARNING** The symbol indicates possible dangers that could result in fatal or serious injury. Before carrying out the corresponding installation or application step, read the corresponding note.
	**INFO** The symbol provides important information and indicates material damage. Observe these before carrying out the corresponding installation or application step in order to understand problems and avoid damage.
	**For indoor use only** The symbol indicates that the product may only be used indoors.
	**Read instructions for use** The symbol indicates that the instructions for use must be read carefully before using the product.

2.5. General information on the instructions for use

The instructions for use refer to the SONIC acoustic panel. It contains important information on installation, operation, maintenance and cleaning. The instructions for use, in particular the safety instructions, must be read carefully before using the product; keep the instructions for use in a safe place. Only use the product as described in these instructions for use to avoid accidental injury or damage. If you pass the SONIC acoustic panel on to a third party, these instructions for use must also be handed over.

2.6. Intended use

The product is of high quality, durable and intended or suitable exclusively for private use to a reasonable and customary extent. Furthermore, our product is **not** intended for commercial use. Commercial use is only permitted with the written authorisation of Home Deluxe GmbH.
Only use the product as described in these instructions for use. Any other use is considered improper and may result in damage to property or personal injury. The manufacturer accepts no liability for damage caused by improper or incorrect use.

2.7. General safety instructions

General hazard warnings

- The product can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the product in a safe way and understand the hazards involved.
- The provisions of national laws and regulations must be complied with at all times.
- Components may only be replaced with original repair parts. Failure to do so can have serious consequences.
- Do not use any accessories other than those recommended by the manufacturer.
- Do not puncture or burn the product.

Danger for children

- Keep children away from packaging materials. There is a risk of suffocation!
- Keep children away from the product.

Risk of injury
Improper handling of the product can lead to injuries

- Check the product for visible damage before assembly.
- Do not make any design changes to the product. Any modifications must be authorised in writing by the manufacturer and carried out in accordance with the instructions.
- No naked flames, cigarettes or other possible sources of ignition may be used in the immediate vicinity of the product.
- If the product is damaged, it must no longer be used. Damaged parts must be repaired or replaced with original spare parts.

Risk of damage

- Improper handling of the product can lead to damage.
- Do not open the packaging with sharp objects (e.g. knives, scissors or similar) as this may damage the product. Be careful when opening.
- If you open the packaging carelessly with a knife or other sharp objects, the product may be damaged. Be very careful when opening the packaging.

Explosion hazard

- Do not store any highly flammable, combustible or explosive substances inside the product.

3.2. Product description

Experience optimum room acoustics thanks to modern acoustic panels. They look like stylish wall decoration, but in reality they reduce noise and sound. Speech intelligibility and listening pleasure for music and home cinema are improved. They are also ideal for your own recordings, for example in the home recording studio for podcasters.
Our high-quality acoustic panels not only create a pleasant room climate, they are also made from environmentally friendly materials. They can be customised to meet the requirements of any room. Whether for your office, conference rooms, schools, recording studios or home, our acoustic panels are the perfect choice for effective sound reduction.
With a wide range of colours and designs, you can match your acoustic panels to the interior design of your room or use them as a decorative element. Our panel systems are easy to install and can be mounted on walls or ceilings to improve the sound in any room.

- Wall panel in Scandinavian style
- Sound-absorbing
- Quick and easy installation
- Can be placed on top of and next to each other in a set of 3

4. Scope of delivery

Check the packaging for external damage on delivery. Furthermore, immediately after unpacking, check that the scope of delivery is complete and that the product and all components are in perfect condition. Only assemble the product if the scope of delivery is complete and undamaged.

4.1. Safety instructions

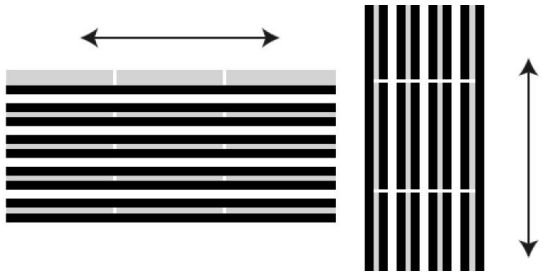

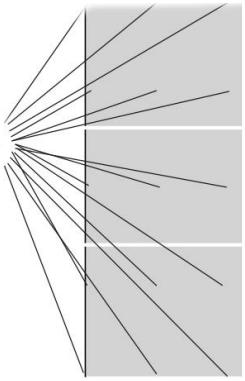

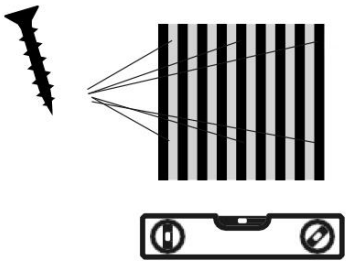

All health and safety information must be read.

Risk of injury
Improper handling during installation can lead to injuries

- Read the instructions for use carefully.
- Do not make any changes to the product.
- Check the product for damage at regular intervals.
- The product may only be used indoors.
- Do not expose the product to rain, moisture or other liquids.
- Risk of trapping! Do not insert fingers, hands or objects between the panels.
- Wear protective clothing such as safety shoes, protective gloves, etc. during installation.
- Make sure that the package is opened at the top. Be very careful when opening.
- Check the product for damage or scratches after unpacking.
- Ensure that children do not have access to the work areas during installation. There is a risk of accidents.
- Assembly may only be carried out by a qualified specialist!
- Operating errors, installation errors or damage caused by the installation are excluded from the warranty.

5. Assembly

Illustration	Description of the
	**Step 1:** Decide whether you want to mount the panels vertically or horizontally. **Note:** You can shorten the acoustic panels from the back as you wish.
Option 1 	**Step 2:** Glue the panels the wall with a mounting adhesive. Spread the adhesive evenly over the panel. **Note:** The adhesive is not included in the scope of delivery.
Option 2 	**Step 3:** Screw the panels firmly to the polyester and maintain even spacing. We recommend at least 6 black screws per panel. The screws must be between 25 and 30 mm long, depending on the condition of the wall. **Note:** The screws are not included in the scope of delivery.

5.1. Operation

Check before using the product,

- the proper condition.

5.2. Storage location

- Store the product in a cool and dry place.

6. Maintenance and care

6.1. Safety instructions

Risk of injury
Improper handling during operation can lead to injuries

- Make sure that the product is securely screwed down
- Also make sure that any cables can lie behind the wall and inform yourself carefully beforehand.
- The product is easy to clean and durable. Clean the surfaces with a damp cloth and a mild detergent.
- Do not use aggressive cleaning agents or high-pressure cleaners for cleaning. Also observe the cleaning agent manufacturer's instructions.

7. Dismantling

Risk of injury
Improper handling during disassembly can lead to injuries

Disassembly of the product must be carried out in reverse order to installation. (**see chapter Installation**)

8. Waste disposal

8.1. General information

- Dispose of the product and all components in accordance with local and country-specific regulations to prevent damage to the environment.
- Our packaging is made from environmentally friendly materials. These can be recycled and thus serve as valuable raw materials. Dispose of the packaging material (cardboard, dirty packaging, etc.) separately and professionally in accordance with the applicable national regulations.
- Contact the manufacturer if you are unsure about disposal.
- You can also obtain information on proper disposal from the local waste disposal centres.
