Enjoy the comfort of a beach chair with extra thick cushions and a heavenly comfortable reclining function. Whether in the conservatory, on the terrace, the balcony or in the garden, the product with its exclusive design is a real eye-catcher and invites you to sunbathe or linger.

In its basic state, the product looks like a particularly cosy designer double sofa. And this is where the deluxe factor is hidden: the free-standing, hidden integrated stools extend the reclining surface or

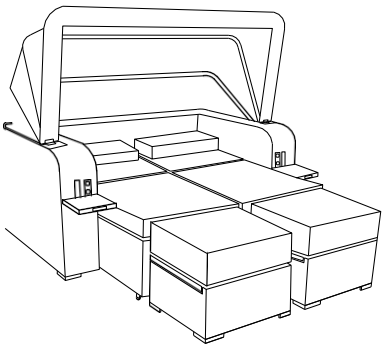

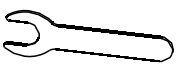

can be used as two additional seats. At the touch of a button, the reclining surface can be extended by noiseless gas pressure springs, completely mechanically. The practical sun canopy can be put up easily for children. These functions can be freely combined to bring an individual and personal piece of beach holiday into your own garden.

The product is made of modern and attractive PE rattan, so it can withstand any weather and is particularly easy to clean. The extra thick and sturdy cushions can also withstand nights outdoors or rain, but should be stored in a dry place for long-term enjoyment. Otherwise, the product can also be protected from the weather and moisture with our separately available cover.
